## Willard STORAGE BATTERY

If It's a Battery Be Sure  
It's New.

It isn't good business to buy a battery that may be months old when you get it.

The only safe thing to do is to buy a Willard Battery with Threaded Rubber Insulation that has been shipped and stored bone dry, and consequently is brand new when it begins to work for you.

Drop in sometime and let us explain this process to you and tell you why it is only possible with Threaded Rubber Insulation.

Don't forget that we can give you the very best service on winter storage.

### High School Notes

On Monday, November 24, T. C. Morrill addressed the student body on the subject of the proposed union high school with South Paris. Mr. Morrill plainly stated the financial possibility of carrying out this plan. In a convincing manner he removed objections to the proposal and gave forceful argument against continuing in the present high school building. Mr. Morrill's talk was so animated, pleasing and reasonable that every student felt at the close that he was willing to use his influence to have the plan carried out.

On Wednesday evening, November 26, under the leadership of Mr. J. Parker, the high school pupils gave the most successful social of the year. More were in attendance than ever before. During the evening, dancing and games were enjoyed. The good time was in great measure due to the splendid music furnished by Elizabeth K. Kline, Dorothy Thomas and Louise Thomas.

Edith Knight spent the Thanksgiving recess at her home in Richmond. On her return trip, she stopped at Portland and visited the high school on Monday.

Arthur Brown was entertained in South Paris over the Thanksgiving holidays. Clarence Dyer was at home, in South Portland, during the vacation.

Elsie Peacock spent Thanksgiving at her home in Gardiner. Miss Tracy was at home in Lewiston over the week end.

The constitution of the Athletic Association has been changed so that membership is now of material benefit to the members. By paying the association dues of seventy cents per term, each student may secure a season ticket for all basketball and baseball games.

On Thanksgiving eve the first girls' basketball game was played at West Paris. The teams were not exceedingly snappy, that the game was not uneventful. The West Paris team was completely outplayed by the strong quintet from Norway. Miss Mills and Miss Foster were the star shooters on the Norway team. The game was not hard for the guards, Jones and Hall, to get the ball across the line, although they succeeded in going across themselves, thus giving West Paris a chance for scores. At the last, the Norway team scored and West Paris got two baskets.

Stella Harwood entertained a group of teachers, senior and junior girls, at her home at Norway Lake on Monday evening, December first. The affair was given to celebrate Miss Harwood's birthday and was most enjoyable in every way. The guests walked from the village in a group. The first part of the evening was devoted to an indoor track meet; games of various kinds were played after which refreshments were served. The evening was closed with singing by all the guests.

In the party were the Misses Alma Noyes, Clara Harwood, Clara Robbins, Thelma Grover, Alice Bartlett, Elizabeth Bartlett, Margaret Eisenwiler, Madelyn Hayden, Ethel Thompson, Ethel Lapham, Lucy Witt, Miss Tracy and Miss Peacock.

## Knights of Pythias Ball

The largest crowd in the history of lo-

cal Pythianism attended the 36th annual

Thanksgiving Ball at the Norway Opera

House Thursday evening, given under the

auspices of Pennessowassee Lodge, No.

18, K. of P. More than a hundred cou-

ples danced, and the largest balcony sale

in thirty-six years went on the lodge rec-

ords. The net proceeds kept pace with

the other record breaking facts and a

large sum has been tucked away for a

special purpose.

The order of dances included sixteen

numbers and two extras. All but two

were fancy dances, namely march and circle

and Boston Fancy. The march and

circle led by Mr. and Mrs. Edward J. Sha-

ron hardly called forty couples on the

floor and Boston Fancy was omitted.

During the remainder of the night the

crowded conditions made elegant dancing

impossible, but everybody was in good

spirits and the snappy music just carried

them along.

No mistake was made by the committee

when they selected the Imperial Singing

Orchestra for an attraction. Nine men

appeared in the personnel, the vocal quart-

et included H. Walter Brown, Abraham

Klain, Fred Moore and Ernest Paige,

the instrumentalists were Harold G. E.

Moore, violin; Clarence L. DeCoster, trom-

bone; Mr. DeMar, cornet; George Soper,

drums; Harold A. Anderson, piano. Voc-

al solos and choruses figured conspicu-

ously in the musical selections which were

a source of enjoyment to the dancers and

balcony.

The floor manager was Edward J. Sha-

ron; aids: Elton L. Brown, William H. D.

Smith, Donald B. Partridge, W. Arthur

Lewis, Ernest M. Noyes and Charles H.

Billings. Honorary Aids, John E. Eber-

hart, Hamlin Lodge; Clarence Cole, Frie-

dental Lodge; Arthur Walker, Craigie Lodge;

Lester McAllister, Hiawatha Lodge; W.

W. Abbott, Valley Spring Lodge.

Ice cream was served at intermission.

to take a little time and some space in this paper, that I may be able to help the readers of this article or advertisement, the shoe situation now stands. We will admit that prices are high, much higher than they ought to be, but we do not admit that they are out of proportion to the necessities of life. I have recently paid \$6.00 for a pair of shoes and I am perfectly satisfied with the price and quality of the shoes. They could not be sold for less at a profit. I pay 65 cents for a pair of shoes, 12 cents a bottle for milk and so on down the list, and the producers are not getting any more than they ought to have for their work.

We have at the present time a store full of footwear of all kinds and are selling below the market price to-day. Our stock is more than half our stock is less than we can buy at wholesale. It is always been the purpose and policy of this store to give our customers full value for their money, and this policy has surely been the reason for our success. We are approaching the year after the holidays and we are sure that footwear of all kinds is always useful and we are sure that we can suit you in style, quality and price.

We are fitting up and expect to have in operation in a few weeks, a shoe and shoe repair department. We shall have all new and up-to-date machinery and intend to have as good a repair shop as can be found anywhere.

George Davey will be in charge and that fact is a guarantee that the work will be done right. We shall use the best of stock and our prices will be as low as good work can be done. We shall make a great effort to get the work out promptly. You will be informed when this department is ready for business. Save your repairing for us.

## When You

Buy a steak for breakfast you'd rather pay 40 cents or 50 cents a pound than to have one that you paid 20 cents or even 25 cents a pound. Satisfaction. "Right?" Then listen. In buying that Overcoat that you plan on to keep out the chills between breakfast and your place of business, please don't forget that a good coat at \$40 or \$45 is money well spent, while a cheap affair at \$20 or \$21.50 will give you as poor satisfaction as the cheap steak would give you for breakfast.

Our Overcoats are nothing but Satisfaction. They are made for TWO fisted fellows, who wear a coat for two or more seasons. All wool, of course, and the colorings are exceptional.

### FAT FOLKS LEARN HOW TO REDUCE YOUR WEIGHT

#### A Simple, Safe, Reliable Way

People, who are over-burdened with  
superfluous fat, know only too well  
the discomfort and ridicule that over-  
stout people have to bear.

If you are carrying around 5 or 10  
pounds of unhealthy fat, you are un-  
necessarily weakening your vital or-  
gans and are carrying a burden which  
destroys the beauty of your figure.

There is no need of anyone suffering  
from superfluous fat. If you want to  
reduce your weight in a simple, safe and  
reliable way, without starvation, diet or  
tiresome exercises, spend as much time as  
you can in the open air, breathe deeply  
and get from any good druggist a box of  
tassos; take one tablet after each meal  
and one before retiring at night.

Weigh yourself once a week so as to  
know just how fast you are losing weight  
and don't leave off the treatment or even  
skip a single dose until you are down to  
normal.

Tassos is absolutely harmless and is de-  
signed to take, helps digestion and is de-  
signed to consume the excessive fatty tissue  
by increasing the oxygen-carrying  
power of the blood. Even a few days'  
treatment should show a noticeable re-  
duction in weight, footprints become  
lighter, your work seems easier and light-  
er and more buoyant feeling takes pos-  
session of your whole being.

Every person who suffers from super-  
fluous fat should give this treatment  
a trial, there is nothing better.

**High School Receives Gift of Books**  
The High School received a valuable  
gift this week from Dr. Rogers of Bos-  
ton. This consisted of sixty-five books  
for the library. These were given by  
Dr. Rogers in memory of his sister, Miss  
Mary E. Pratt, for many years a teacher  
in the schools of Boston. Dr. Rogers  
is a summer visitor here and owns a  
fine cottage on the shore of Lake Chris-  
topher.

The high school basketball team  
played its first game the night before  
Thanksgiving and were defeated by the  
Alumni of the school. The team is light  
but fast and promises to develop into  
one of the best the school has ever had.  
C. E. Noyes is manager and Roydon Bill-  
ings, captain.

Great plans are being made for the  
high school fair and entertainment to be  
held in the Opera House on the after-  
noon and evening of Dec. 20. This will  
be a combined county fair and circus.  
Fancy articles, calendars, candy, pop-  
corn, etc., will be on sale and many side  
shows will do business. The two act  
farce entitled "A Day and a Night"  
will be presented by the students.  
Kenneth Hathaway, lately returned  
from France, addressed the students at  
their weekly assembly, Friday. He told  
very interestingly of his travels abroad  
with the A. E. F.

The Jackson Silver Post of the Amer-  
ican Legion held an important meeting  
in the Chamber of Commerce rooms,  
Monday evening. The post has now re-  
ceived its charter and has a membership  
of about fifty.

The Woodstock Athletic Club held its  
monthly meeting in their rooms in the  
Chamber of Commerce building, Tues-  
day evening.

### BOLSTER'S MILLS

Louise Willard accompanied by a friend  
from Princeton was at her home over  
the holiday and week end.

son Institute for the Thanksgiving recess.

were entertained at the home of Orin  
Hanscomb on Thanksgiving.

the old home in Harrison and dined with  
Frank Cummings and family.

Mrs. Fred Bolster entertained her  
daughter, Mrs. Chester Bolster, and  
French and several children, also Mr. and  
Mrs. Grosvenor Edwards.

Christina Cook was at her brother's  
home in Portland.

The A. R. Clark family went to Gor-  
ham to dine with Rev. Stanley Carne and  
family.

Mrs. Walker Mills entertained her chil-  
dren, also A. W. Weston and wife.

Caswell and wife went to Norway to visit  
Mrs. Mary Oxnard.

Mary Skilling, Mrs. Sarah Weston, Delia  
Weston and Lewis Weston.

sermon at the church here, Sunday. Mr.  
Coy has most faithfully discharged the  
duties of the parish and has a host of  
friends both here and at Harrison, who  
greatly regret his departure. He will go  
to Ellsworth.

"In Old New England"

Bolster's Mills was privileged to enjoy  
a rare treat Thanksgiving evening when  
the Dramatic Club of former years gave  
the play "In Old New England." Long  
before time for the doors to open a great  
crowd was lined up on the sidewalk and  
every available seat was soon filled when  
admission was granted. Many stood all  
the evening. The cast was as follows:

Henry Hillson  
Tom Perkins  
David Angell  
Lem Haskins  
Hezekiah Slocum  
Robert Donald  
Algermon Montgomery  
Washington Jackson  
Araminta Perkins  
Mrs. Perkins  
Moneray Ann  
Florence Stuart

The perfect ease and naturalness with  
which each actor took his or her part and  
the fine rendition of every passage made  
the play one of great interest from start  
to finish.

The proceeds of the evening broke all  
previous records. The Otisfield Orches-  
tra rendered music for the occasion, which  
was followed by a dance. The Dramatic  
Club is to be congratulated for its won-  
derful success as also the people who have  
not for years been privileged to witness  
such a fine local entertainment.

### ALBANY

Will Robbins of Shelton, Conn., son  
of William Robbins, formerly of Albany,  
passed away suddenly at his home. He  
has been chief of police in his town for  
a long time. William Robbins was in the

Robbins, passed away several years ago.

He has already been to the hospital

hides to Ex-Governor Page of Vermont,  
who is now a United States senator in  
Washington. Mr. Cummings has been  
his agent for about 35 years. He has  
also shipped quite a lot of fur to New  
York lately, where he got good returns.

### JOSEPH ANDREWS IN CALIFORNIA

Glendale, Cal., Nov. 29, 1919

Dear Advertiser—Knowing that  
"money makes the mare go" and that  
paid up subscribers keeps the editor in  
good humor, I hasten to reply to your  
reminder which came yesterday, by send-  
ing you a post office order for \$1.50,  
to shove my subscription along to the  
next annual mile stone. Although 3,000  
miles away from my daughter's home  
in Ohio, where I usually eat my Thank-  
sgiving chicken, I shall prove to you that  
my Thanksgiving dinner will be eaten  
with a thankful heart by sending you a  
copy of a letter which I received from  
her this week. "Putnam, Ohio, Nov.  
extra letter. If it had not been that  
we had an auto I would not be writing.  
It saved my life in all probability yester-  
day I preached at Rainbow and John  
at Putnam. John took me to the hill  
side of the ferry and then came back  
to Putnam. I crossed the ferry and  
preached at Rainbow. John told me he  
would meet me when I came home after  
the services. The people who always  
bring me to the ferry said for me to  
ride with them, that they were going  
into town and would go right by our  
house. But I said John was coming to  
meet me. So I left them on the bank  
of the river and crossed with the ferry  
man in a row boat. The big ferry boat  
was on this side of the river and after  
bringing me across he went back with  
the ferry for them. They went to drive  
on and the brakes of their auto did not  
work and they plunged off the ferry  
boat into twenty feet of water. The  
man jumped clear out into the river.  
His wife came up and they got her into  
a boat. The daughter was in the back  
seat and it was nearly five minutes be-  
fore she came to the top. The man was  
good and saved her, but the doctor  
thinks they will both be all right. About  
a dozen men got the machine out this  
morning, it was smashed up rather bad.  
If we had not had an auto and John  
had not come to meet me I would have  
been in the back with the girl. My  
daughter said she stopped to tell me how  
lucky I was. Some at first thought I  
was in the car, for they knew that I was  
with them.

It is still nice weather. Must close  
now. Am glad I am alive. With love,  
May.

The reason that they bought an auto  
was that the house that they had rented  
for the past four years was sold, and  
there was not another house in Marietta  
that they could rent, so they rented a  
house in Putnam, six miles distant and  
bought an auto to help them out with  
their church work. I call my daughter  
my miracle girl. This is the fifth time  
she has escaped almost by a miracle from  
some serious accident or sickness.

Last summer only the goodness of her  
boyfriend saved her from being run down  
by an auto and now she was saved by an  
auto. When she was a babe our house  
was burned down and she was rescued  
from the burning flames by a brave  
young man who groped his way through the  
flames both here and at Harrison, where  
she was laying and brought her out in safety  
and placed her in her mother's arms.

When about five years old she was kicked  
in the forehead by a vicious mule, cut-  
ting a deep and ragged gash two inches  
long and almost reaching the brain. She  
stayed in bed again 18 years ago when  
her baby girl was born she went down  
almost to the gates of death through the  
blundering carelessness of her fam-  
ily doctor and after a year of intense  
suffering was restored to health by the  
skillful surgery of a Chicago surgeon,  
who drained the poisonous putrid puss  
from an ulcerated kidney and the trouble  
with her left lung. That baby girl,  
Margaret V. Williams, long the joy and  
sunshine of the parsonage home, has  
grown into a bright and talented young  
lady, who is finishing her last year in  
high school and expects then to enter  
Oberlin College for a four year course.

I have been here for a month now  
and am enjoying the warmth and sun-  
shine of a California winter. The sun-  
shine of a California winter is the im-  
age of the country later.

Yours truly,  
Joseph Andrews.

Mass., was a week-end guest at W. P.  
Linnell's. He returned to his home on  
Monday, taking with him his two chil-  
dren, Norman and Marjorie, who have  
been with their grandparents all sum-  
mer.

Mrs. Jessie Losier and son, George,  
are visiting in Mass. in the family of  
Ernest Greenleaf and William Smith  
recently built a shed on Otisfield Gore  
to store the road machine for the town.

P. C. Greenleaf did carpentering for  
F. L. Keene last week.

A goodly number of men of this part  
of the town recently met at Rayville  
schoolhouse to talk over plans by which  
they could add Elias Johnson in putting  
up a set of buildings to replace his re-  
cently burned. Cash, labor and material  
to the value of one thousand dollars or  
more was raised and the past week a  
crew of men have been at work on the  
place excavating for a barn cellar and  
putting in the foundation for the same.

# PRINCE ALBERT

Copyright 1919 by  
R. J. Reynolds Tobacco Co.

**YOU certainly get yours when you lay your smokecards on the table,  
call for a tidy red tin or a tippy red bag of Prince Albert and roll a  
maker's cigarette! You'll want to hire a statistical bureau to keep count  
of your smokestunts! Why, you never dreamed of the sport that lies  
awaiting your call in a home rolled cigarette when it's P. A. for the  
packing!**

Talk about flavor! Man, man, you haven't got the listen of half your  
smokecareer until you know what rolling 'em with P. A. can do for your  
contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of  
Prince Albert's quality—stands our exclusive patented process that  
cuts out bite and parch! With P. A. your smokesong in a maker's ciga-  
rette will outlast any phonograph record you ever heard! Prince Albert  
is a cinch to roll. It's crimp cut and stays put like a regular pal!

Prince Albert upsets any notion you ever had as to how delightful a  
jimmy pipe can be! It is the tobacco that has made three men smoke  
pipes where one was smoked before. It has won men all over the nation  
to the joys of smoking.

### EAST OXFORD

Dennis Dorey's driving horse broke  
through the floor of its stall early Monday  
morning and it required the assistance of  
several neighbors to extricate it. The  
horse was not seriously injured although  
it was more or less scratched and lame.

Mrs. Marion Auger is working at W. H.  
Thomas'. Mrs. Thomas is still under  
the doctor's care.

Friday and Saturday the hunters made  
the most of the light snow in a last de-  
perate attempt to secure deer before the  
close of the season. Geo. Martin, Chas.  
Warren, Forrest Thomas, and Charles  
Hanscom were among the most ardent  
hunters, but failed to bring down a single  
deer, though it is said Mr. Hanscom shot  
at a monster buck and missed it clean.

Mr. and Mrs. Sockalexis dined at J. P.  
Fuller's on Thanksgiving Day. Marion  
Fuller, who teaches the Crockett Ridge  
School, Norway, was also home for the  
week end.

Mr. and Mrs. W. H. Thomas spent  
Thanksgiving with Mrs. Thomas's par-  
ents, Mr. and Mrs. Charles Hanscom, at  
Oxford.

Harold Pratt and Charles Hurst spent  
a couple of days at South Arm last week  
but failed to get any deer. They reported  
the deer scarce, but hunters plenty.

Marion Sockalexis was called home  
very suddenly and returned to Oldtown,  
November 26th.

A number of years ago the writer's  
youthful mind was deeply impressed  
by an important item in the "Advertiser"  
to the effect that "Solon Downing has  
a new pump" and in memory of that feels  
duty bound to state that William Caldwell  
has a new post for his mail box.

John P. Penley with crew of men is  
doing an extensive stone job for U. L.  
Case at his summer residence on Paris  
Hill.

Mr. and Mrs. J. Henry Records had  
fourteen at dinner Thanksgiving Day.  
The guests were Mr. and Mrs. Herman  
Records and children, Howard, Olive, Ruth  
and Lottie, Mr. and Mrs. Thurlow Hazel-  
ton and son Harold, and Walter New-  
comb.

Mr. and Mrs. Edwin O. Sands and Ar-  
thur M. Thayer spent Thanksgiving Day  
with Mr. and Mrs. Albert Babineau and  
family.

Forrest Thomas and Arthur Walker  
were in this place hunting, Thursday.  
Harry Strothers had the misfortune to  
fall from a load of wood Wednesday,  
straining the ligaments in his heel and is  
confined to the house for several days.

#### School Notes

That the superintendent, the school committee and the citizens of Denmark are to be congratulated for their progressiveness in school matters is evident from the following editorial taken from the recent issue of The Maine State School Bulletin. This paper is published monthly at Augusta by the State Superintendent of Schools. The article is headed "Reorganization in Denmark," and reads as follows:

"What promises to be one of the most effective plans of consolidation in a small town is making excellent progress in the town of Denmark. As a result of several conferences with State Department representatives the committee voted to close three schools and transport to the central school. One school was left, but the pupils of the last two grades were taken, leaving for the year, but five grades. At the central school a senior high school is maintained, and a junior high is being organized and there is an elementary school with five or six grades.

"Happily the committee has not spared funds in securing teachers. In the high school the principal has special preparation for teaching agriculture. One of the assistants is a college woman of excellent training and experience and the other a normal graduate with successful experience in upper grade work. The teacher of the elementary school is a training school graduate with successful experience.

"The teachers are entering most enthusiastically on their work. Practical work in agriculture is being given. Plans are made for way for equally practical work in home economics including the school lunch.

"Departmental teaching is being successfully worked out. The program is flexible and the groups of children who come from different schools with varying equipment are being adjusted in classes where they will profit most.

"On the side of social activities material has been found for the beginnings of an orchestra which has had an opportunity already to play at a citizens' meeting and a school assembly. A school improvement league has been formed and literary programs will be given on Friday afternoons. The boys have already started entries for future olympics. Best of all there is an enthusiastic, wide awake lot of boys and girls and a group of capable, well trained and earnest teachers.

"The costs when will we measure schools by the men and women they produce—will not exceed to any great degree the maintenance under the old plan. We are confident that the results will greatly offset the increase in expenditure. It is an experiment, but one carefully and effectively worked out and with the intent and co-operation now manifest certain to succeed."

The Agricultural Department of this high school has just completed a Farm Survey. The purpose of this survey is to ascertain what kind of agriculture ought to be taught in our community. It enables us to know where the large dairies, beef herds, orchards, etc., are. It teaches the student what the chief industry of his or her community is. It has nothing to do with taxes, but is a part of our school work.
